Duration: 36 months

01/09/2016 – 31/08/2019

POST-EXPLOITATION PLAN

Project Title	100 Mirrors Inclusive Tools for the motivation of enterprising disabled women
Acronym	100 Mirrors Inclusive
Sub-Programme	
Reference Number	2016-1-ES01-KA202-025492
Project Timeframe	01/09/2016 – 31/08/2019
Coordinator	FEDEMP
Partners	VIVA FEMINA, EDRA, ACROSSLIMITS, INDICO, BIEDRIBA EUROFORTIS

POST-EXPLOITATION PLAN

The present post-project exploitation plan aims to assure the sustainability of the 100Mirrors project and is one of the project deliverables. It foresees actions within the next 3 years after the project implementation. Post-exploitation activities are led by the Malta partner Acrosslimits. All partners are involved in the post-project exploitation activities to ensure that project results are transferred to the target groups at national and local level.

It is important to state that the implementation of the suggested post-project dissemination and exploitation activities in the present plan are the sole responsibility of the particular project partners themselves.

POST-EXPLOITATION GOALS

Total participants in every of the three years after the end of the project:

- The Project coordinator will continue to manage the project website for at least a period of 3 years after the end of the project;
- The IOs developed by the project will remain downloadable by the project websites and by the OERs repositories where they have been uploaded;
- The E-courses, managed by the partners responsible for their development, will remain available at least for three years after the end of the project;
- Trainers of the partners will continue to use the methodology and materials;
- Every partner will continue to organize once a year the 1 day workshops for a period of three years ;
- It will be given to organizations of not partner countries the possibility to translate the IOs in additional languages.

The target for sustainability has been already described in detail under E.1.

Participants.

Summing up in every of the three years after the end of the project additional 260 trainers and DWE trained to use the methodology and 600 DW trained to rise their entrepreneurship.

The following measures will be implemented:

4	After the project end	use the methodology and materials
5	After the project end	to organize once a year the 1 day workshops for a period of three years.

It will be given to organizations of not partner countries the possibility to translate the IOs in additional languages.

CONCLUSION

The 100Mirrors POST-exploitation plan defines a complete and tailored set of instruments and mechanisms for effective and sustainable promotion of the 100Mirrors project, its objectives and its results. It relates to the communication and dissemination strategy adopted by the project using the already established tools and channels.
