

The partners of the 100 Mirrors Inclusive project have been very busy in the last months. The main events were the Pilot projects and the Final Conferences.

The partners met in Rzeszow, Poland in May to discuss about all the project outputs delivered so far, about the remaining work to be covered and about ways to make the partnership work better together. The Polish hosts **Vivafemina** were extraordinary and made all the partners feel at home in the beautiful town of Rzeszow.

---

### Pilot Update from Spain:

INDICO Spain is actively running the pilot, having selected the best teachers who are very enthusiastic about the Guide and Manual they are presenting, and eager to see their efficiency in the skill's improvement for the women with disabilities and the impact that they will have on their actual or future entrepreneurship.

We have started the IO3 Pilot on the methodology of coaching and mentoring for women with disabilities and in the first session on “Inclusive entrepreneurship” we had a presentation of the 100Mirrors Inclusive Project and the example of some of the Spanish Women mirrors. Some of the participants had a family

member DW who wasn't able to come and follow this Pilot because of physical barriers and so we engaged the dialogue on what could be done so that more and more disabled women could get out of their home and take an active part in the society by entrepreneurship, the services they may need, the incentives that may be helpful for entrepreneurship.

---

The IO5 pilot on Inclusive Entrepreneurship Manual started well with DW interested in starting their own business, and the topics about Inclusive entrepreneurship, how to assess and improve each one's entrepreneurship, were very rich in comments and

feedback. The teachers are women with disabilities who have a company/association on their own and do their best to involve other women with disabilities in this difficult but interesting adventure, describing their ups and downs, their sacrifices to get where they are today and the joys of having overcome all sorts of barriers and difficulties. The Pilot will last until the 25th of June but we already have a lot of positive feedback on all the Intellectual Outputs, both face-to-face and online training which is very encouraging on what concerns the efficiency and usefulness of the project.

---

### **Final Conference:**

As this is the last trimester of the project, all the partners are working on the Final Conference. These will be held in all the partner countries: Malta, Poland, Spain, Greece, Latvia. Every conference will host at least 50 people with different backgrounds like: Disabled Women, Disabled Women Entrepreneurs, Organizations working with Disabled people, VET teachers, Academia staff. The purpose of such conferences is to share the project outputs and the methodology and demonstrate the free online training platform. The participants will be encouraged to use the guides, the methodology and online platform

produced by the project actively in their work with disabled women. Further details of the conferences can be found below:

## Malta

**100MIRRORS**  
INCLUSIVE

*Women Empowerment with No Limits*

**FINAL CONFERENCE**

**12th July | 10:00 - 14:00**
